

**Jamey E. Shaheen**  
*President - Ditch Witch Middle East*

*Ditch Witch Middle East leads the underground construction industry for more than a quarter century, in The Middle East.*

**Jamey says:**

*"Ditch Witch Middle East industry dominance is attributed to Great:*

-  *Equipment*
-  *Spare Parts*
-  *Support People*

*Speed and reliability are the ingredients to achieving our objective, which is.....*

*Get that pipe and cable underground!"*

# Support

## Smart

**Our technical support team helps you with intelligent, experienced support, to**

*keep your equipment running right!*

## Reliable

**We know what we are doing, and have been doing it right for a long time, so**

*you can count on us.*

## Fast

**You get it**

*when you need it.*

 ***Ditch Witch*** *Middle East*

# Hawkeye™ Quick Connect

# DRILL HEADS

Modern directional drilling rigs have greater torque and pullback forces, requiring increased control over HDD tooling and backreamers. With its patented wear-compensating design, the revolutionary Hawkeye quick connect system helps improve steering control and tool life.

## Key Features

- Patented thread profile compensates for normal wear by allowing thread rotation to the next flat.
- Eight flats simplify alignment and create a stronger joint with the same collar OD.
- Quick connect thread profile means connections can be made in as few as three rotations.
- Intergrated collar-access slot provides easy access to the collar face, simplifying removal.
- Industry-standard API thread connections for universal compatibility with HDD tooling.
- Robust thread profile increases wear life and reduces the chance of cross-threading.

## Benefits

*Easy to use*
